

Our client, Sonography Canada, is the single national voice for the Sonography profession in Canada. Representing more than 5,000 members across the country, Sonography Canada is the professional organization responsible for establishing standards for the training, certification, and lifelong education of Sonographers and for advocating on behalf of its members.

Established on January 1, 2014 through the amalgamation of the Canadian Society of Diagnostic Medical Sonographers (CSDMS) and the Canadian Association of Registered Diagnostic Ultrasound Professionals (CARDUP), Sonography Canada supports the profession through providing national credentials and entry-to-practice credentialing exams, supporting continuing medical education primarily through their national conference and the Canadian Journal of Medical Sonography, supporting the profession through policies and professional practice guidelines, code of conduct, and by advocating on behalf of the profession.

With a vision that Sonography is practiced with excellence across Canada and a mission to be the Canadian voice of medical Sonographers, fostering best practices, and promoting the pursuit of excellence, Sonography Canada is seeking a visionary leader with a motivating and engaging style to take the organization to the next level. Join Sonography Canada as

Executive Director

Reporting to the Board of Directors, the Executive Director provides leadership for the implementation of the strategic directions aligned with Sonography Canada's Mission, Vision, and Goals.

This is a unique executive career opportunity for an inspired leader with the agility to implement strategy while anticipating future trends and incorporating them into the organizational plan. With an impressive track record of leadership excellence, the ideal candidate will be a visionary planner able to transform organizational strategy into programs and best practice. Equally important will be the ability to strategically forge, nurture and build collaborative relationships and partnerships with key stakeholders and partners including the Board, staff, organization members, regulatory agencies, policy makers, and the education and medical communities. A Position Profile is available upon request.

If you are seeking a rewarding leadership opportunity where you can shape a bright future by championing the profession of diagnostic medical sonography while promoting continuing professional development and best practices, forward a resume in confidence to:
